Unreplaceable native forests,  
Sodding subsidies!

Chief BC forester,  
Diane Nicholls,  
Sets harvesting rules,  
New game,  
Chippin' Mother's climate solutions,  
Beautiful carbon storehouses,  
Inhaling grown-up trees,  
Into tiny wood pellets.  
Unpardonable combustion heat,  
Purposeful planetary pneumonia!

Coincidentally Diane Nicholls,  
Jumps ship,  
Lucrative Vice President Drax,  
World's second biggest,  
Wood pellet behemoth.

BC Inland native rainforest,  
Endangered old-growth,  
One point three million,  
Heavenly hectares!  
Drax/Pinnacle,  
Pacific BioEnergy,  
Viridis Energy,  
Northwest Wood,  
Houston Pellet,  
Princeton Co-Generation,  
Premium Pellet,  
Racin' to raze,  
Pellatising superb climate stabilisers,  
Gen Z's last chance.

Paris Agreement,  
COPs,  
Thumbs up,  
Burnin' wood pellets,  
Worse than coal,  
Stokin' climate instability,  
Conniving bankers,  
To Mother's deathbed!

Callin' Gen Zs,  
Rise up,  
Self-teach,  
Quickly!  
Challenge deceitful adults,  
At stake,  
Survival!  
No native forests.  
Endgame.

Roadmap:  
Disruption,  
Sacrifice,  
Escalation.  
Triumphant uprising!
