

Crude Addiction

Fossilised enslavement,
Twenty-four seven,
Three sixty-five,
\$11 million-minute subsidy.
Thirty-four-year heads-up,
James Hansen's testimony.
Denying.
Delaying.
Squandered time!

Great Barrier Reef,
One point eight million sunrises,
Four mass climate bleaching,
Six sweltering years!
No precedent.
Digging more,
Subsidized coal mines.

Mighty Sierran sequoias,
One point one million sunrises,
Fossil fueled climate firestorms,
One-fifth blackened alive,
Twenty-four shocking months!
Tinderbox mega dry.
Five hundred million yearly litres,
Offshore onshore,
Pumpjackin' California's oil.

Avaricious unctuous mobster,
Vladimir *Genocide* Putin,
Encouraged EU welcomed,
Addiction so fine!
Bankers banked subsidies,
Nord Stream 2 birthed.
Renewables photo ops.

Bloody Ukraine invasion,
\$150 slippery barrel,
LNG trebling,
Food prices skyrocketing,
Russia piping life-ending gas,
China India Pakistan.

EU energy scrambling,
Zero-combustion future,
Bankers dangling funding,
The Big Conundrum!
What to do?

EU Russia parting,
Twenty-thirty!
Hurry more fossil fuels,
US Canada Norway,
Rescuing EU?

Beware combustion stoking!
Mother's wrath:
Climate heatwaves,
Climate mega droughts,
Climate mega floods,
Climate famine,
Climate holocaust!

No world's leadership.
No grit.
No vision.
Same old same,
Lusting higher GDP.
Uncontrolled growth,
Aka cancer!
Look away.
Wot? Anxiousness!

Tasmania Apple Isle,
Greens birthplace,
Half century ago.
Saint Bob's neighbourhood,
Tighten your belts,
Thermostats less three degrees,
Jumpers beanies jackets,
Shun materialism,
Welcome veganism,
Victory Gardens,
Fruit for all!
Go to Hell:
Fossil fuels,
Wood pellets,
Palm oil.
Solarise.
Energise.
Wonderise.
Defend native forests!
Contentment.
